This is your call to action.....call or email the City Council tell them how you feel about adding to the already bloated salaries while the maintenance and repair of our infrastructure, streets, sidewalks, parks, usable open space and civic facilities, fall to the wayside.

Ask the Council why they gave \$6.5M in pay raises, not including overtime or benefits, when we are in an economic downturn, when gas is \$5 a gal, when food costs have gone up, when jobs are non-existent, while homes are being foreclosed, when homeowners will be faced with more bond debt in order to pay these salaries. Yes, the contracts could have been re-opened for renegotiation.

This is a list of Glendale City Employees, jobs and salaries for 2007. It does not include benefits, payroll burden or pensions and only those who were paid \$100,000 or more. The City Council has approved \$6,500,000 more for payroll in 2008/09, an amount that contributed to 2/3 of the budget deficit that was 'corrected' by cutting Quality of Life services almost \$10,000,000 leaving only \$40,000 for contingencies. Only one Council member, Bob Yousefian, has said he would vote against these pay raises

Only Mayor Drayman and Council member Bob Yousefian were open to a change in the Fire Department that would have reduced the financial drain by \$10,000,000!

The average per capita income of Glendale residents is \$45,000
